CORE BUSINESS

Construction Chemicals such as:

- a. Joint Sealants for Road & Airport Apron
- b. Waterproofing, Integral, and Waterstopping
- c. Expansion Joint and Grouting
- d. Epoxy Flooring and Floor Hardening
- e. Concrete Repair and Reinforcement
- f. Harbour Restoration

WHY
SHOULD YOU
CHOOSE US ?

“ONE STOP SOLUTION
FOR RESTORATION AND
CONSTRUCTION CHEMICALS”

Joint Sealants for Road & Airport Apron

TO STOP STONES FROM ENTERING JOINT

Spalling

TO STOP WATER PENETRATING THROUGH JOINT

Reinforcement Corrosion

Ice Spalling

Erosion of Road-Base

TO CONTROL CONCRETE CRACKING

Continuous Pour Concrete

Waterproofing, Integral, and Waterstopping

BASEMENT WATERPROOFING

Car Parks
Tanks
Foundations

INFRASTRUCTURES

Bridges
Tunnels
Floor Slabs

ROOF WATERPROOFING

Landscaping

WET AREA WATERPROOFING

Pools
Shower / Bathrooms

CONSTRUCTION / EXPANSION JOINT SEALING

Building, Tanks, Floor Slabs

Expansion Joint and Grouting

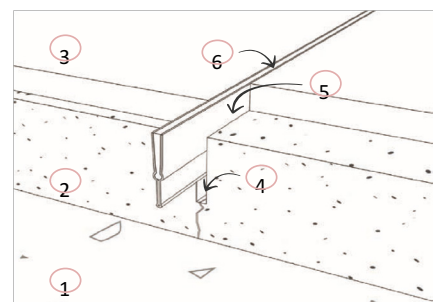

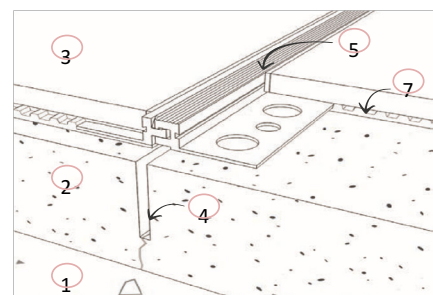

Expansion Joint

EXPANSION JOINT

High Rise Building
Commercial
Bridges

CONTROL JOINT

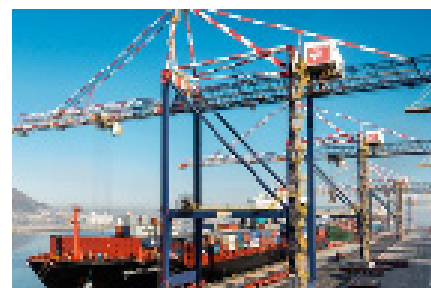

High Rise Building
Commercial

Grouting

PRECISION GROUT SYSTEMS

Steam Turbines / Generators
Coal Pulverisers / Handling Systems
Crane Rails

POST TENSIONING DUCT GROUTING

Bridges
Floor Slabs

WIND POWER

Wind Turbine Foundation Grouting

CONSTRUCTION GROUTS

Steel Structures / Conveyor Systems

Epoxy Flooring and Floor Hardening

FOOD AND BEVERAGES

Heat Resistant
Chemical Resistant
Seamless

LIGHT / HEAVY INDUSTRY

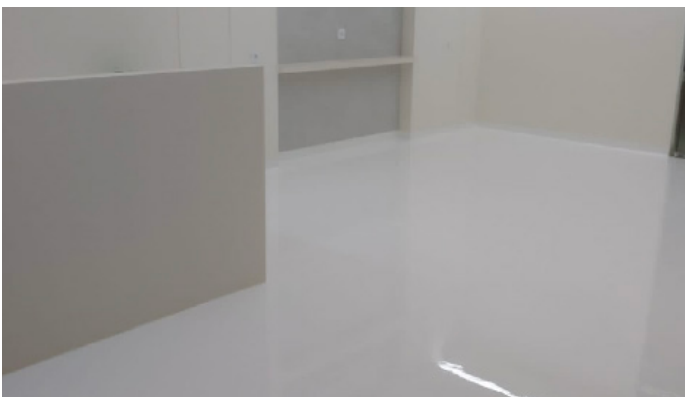

Heavy Traffic
Chemical Resistant
Impact Resistant
Static Dissipative

WAREHOUSING

Abrasion Resistant
Heavy Traffic

COMMERCIAL BUILDINGS

Decorative
Dustproofing

Concrete Repair and Reinforcement

Concrete Repair

Ensure durability and extended service life of the water treatment and movement systems in new construction and repair applications.

- Cracks
- Spalling
- Corrosion of the rebar

Harbour Restoration

Harbour Corrosion

CORROSION PROTECTION

In new construction and repair

Piles

Splash Zone

Beams

Decks

Spillways

Harbour Repair

REPAIR OF ALL CONCRETE ELEMENTS

- Pile Column Refurbishment (Splash Zone)
- Beam and Superstructure Repair
- Deck Repairs (Mechanical Damage, Cracking, Strengthening / Structural Upgrade)
